DETAILED ACTION

Election/Restrictions

1. The restriction requirement set forth on April 4, 2004 is hereby withdrawn and all claims are to be examined below.

Drawings

2. In addition to the drawing objections noted on form PTO-948 the drawings drawings are also objected to for the following reasons:

- Character 40 is used twice in Figure 1
- Character 76 is not found in the drawings
- The drawings must show every feature of the invention specified in the claims.

Therefore, the sealing means dimensioned to accommodate the plate and extending circumferentially around the plate must be shown or the feature(s) canceled from the claim(s). Currently the sealing means (55) appear to be no different than the apertures (47). No new matter should be entered.

Corrected drawing sheets in compliance with 37 CFR 1.121(d) are required in reply to the Office action to avoid abandonment of the application. Any amended replacement drawing sheet should include all of the figures appearing on the immediate prior version of the sheet, even if only one figure is being amended. The figure or figure number of an amended drawing should not be labeled as "amended." If a drawing figure is to be canceled, the appropriate figure must be removed from the replacement sheet,

Art Unit: 3682

and where necessary, the remaining figures must be renumbered and appropriate changes made to the brief description of the several views of the drawings for consistency. Additional replacement sheets may be necessary to show the renumbering of the remaining figures. Each drawing sheet submitted after the filing date of an application must be labeled in the top margin as either "Replacement Sheet" or "New Sheet" pursuant to 37 CFR 1.121(d). If the changes are not accepted by the examiner, the applicant will be notified and informed of any required corrective action in the next Office action. The objection to the drawings will not be held in abeyance.

Claim Objections

3. Claims 1, 3, 4, 10 and 11 are objected to because of the following informalities:
- Claim 1 line 5 "plug" should be - - hole - -
 - Claim 3 line 1 delete the word "having"
 - Claim 3 line 1 replace the word "have" with - -has- -
 - Claim 4 line 1 replace "handgripping" with - - hand gripping- -
 - Claim 10 line 1 replace the word "outer" with - -external- -
 - Claim 11 line 2 delete one of the two periods at the end of the claim

Appropriate correction is required.

Specification

4. The disclosure is objected to because of the following informalities: A brief description of Figure 4A is missing.

Appropriate correction is required.

Allowable Subject Matter

5. Claims 1-11 are allowed.

Conclusion

This application is in condition for allowance except for the formal matters listed above and on form PTO-948.

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 1935 C.D. 11, 453 O.G. 213.

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.
